Special Notices.

Founded on a Rock!—The disappointed adventurers who have, from time to time, attempted to run their worthless notions against DRAKE'S PLANTATION BITTERS, vow that they cannot understand what foundation there is for its amazing popularity. The explanation is simple enough. The reputation of the world-renowned tonic is founded upon a rock, the Rock of EXPRIZON, and all ingredients are pure and wholesome. How, then, could tricksters and cheats expect to rival it with compounds of cheap drugs and refuse liquor, or with liquorless trash in a state of odorous fermentation? Of course the charlatans have come to grief. Their little game has failed. Their contempt for the sagacity of the community has been stily punished. Meanwhile PLANTATION BITTERS seems to be in a fair way of eventually superseding every other medicinal preparation included in the class to which it belongs. In every State and Territory of the Union it is, to-day, the accepted specific for nervous debility, dyspepsia, fever and ague, rheumatism, and all ailments involving a deficiency of vital power.

THE VILLAGE CHURCH.—It should not look like a barn or a storehouse. It should be a building, the very sight of which would cause devout feelings in the breast. A well-carved cross should point to Heaven; massive paneled doors should impress the visitor with the solemnity of the place into which he is entering; stained glass should throw a mystic light athwart the aisles; pulpit, altar, ceiling and galleries should be ornamented with figurative mouldings, and the columns that support the galleries, and the balusters that rail them in, should be of classic patterns. Any congregation wishing such a church should send their orders for finishing material to Mr. P. P. TOALE, importer of French stained glass, and manufacturer of and dealer in Doors, Sashes, Blinds, &c., No. 20 Hayne street, Charleston, S. C.

The Town's Talk is about Heinitz's Blood and Liver Pills. What they say: The pills have done me more good than any other pills I have ever used.

The Blood and Liver Pills are certainly the most effectual medicine for headache. Heinitz's Blood and Liver Pills have done me much good.

The best medicine I know of, is the remark of all who use Heinitz's Blood and Liver Pills. This is what the people say about Heinitz's Blood and Liver Pills, and what they say you may depend on. Try them yourself. For sale at HEINITZ'S Drug Store.

Physicians Use Them in their Practice.—It is almost universally the case that Physicians condemn what is generally known as "Patent Medicines." Although Dr. Turt's Liver Pills is not a Patent Medicine, yet its composition (the result of years of study) is known only to himself, and so palpable are their valuable curative properties, that very many of the first Physicians in the South and West have adopted them in their practice, and recommended them to their patients.

SHELBY COUNTY, ALA., Sept. 12, 1869.
Dr. Wm. R. Tuttle—Sir: Although I am an M. D., and naturally hostile to all "nostrums," yet "seeing is believing," and feeling is the naked truth. I must say, from actual observation, that your Liver Pills are all you represent them to be, and a little more besides. I shall always recommend them.

Trouble is already coming to the surface in the Republican party in Pennsylvania, over their obnoxious State ticket. It appears that several Federal office-holders in the interior of the State have declared their opposition to the Harrisburg ring nominations, which has greatly incensed Senator Cameron, who made that ticket, and who now reports these officials as hostile to the Administration, and asks for their removal. The President, of course, hesitates to pursue such a warfare as that, for it would inevitably bring down upon him all the Republican opponents of Harrisburg and company, marshaled by Forney, and would render defeat, even from an Administration standpoint, absolutely certain in October. Republican advices from various quarters of the State already concede a defeat in October by the triumphant election of Mr. Buckalew as Governor. If Cameron persists in the ostracism of Federal office-holders, the ordinary work of the campaign will not be even necessary to bring that result about.

Two Hibernians were passing a stable which had a rooster on it for a weather-vane, when one addressed the other thus: "Pat, what's the reason they didn't put a bin up there instead of a rooster?" "An' sure," replied Pat, "that's aisy enough; don't you see it would be inconvenient to go for the eggs?"

The hungriest mosquitoes in Florida live on the Banana River. They eat up full grown dogs, and will extinguish the flitting flame of a camp fire, if they have to roll up together and smother it.
